Dear Cattlemen and Hereford Breeders,

We would like to invite you once again to be here with us at Reynolds Herefords on October 18th. Herefords have been a big part of our families' lives since 1950. This makes the 25th consecutive year we have offered Hereford cattle to you in a production sale setting. This is a program built by our repeat customers and their friends. There has been Herefords on this farm for 76 years now which supports our sale name of "Decades of Design".

As most of you know cattle prices are at a lifetime high again this year with fed cattle bringing over \$2.40 per pound and some lighter weight feeder cattle bringing over \$5.00 per pound. With nearly every cull cow selling over \$1.50 per pound and pound bulls at over \$2.00 per pound. You might say that's the same thing Matt said last year and you are correct! We all need to be thankful for these times!

The cattle business has been good for nearly our entire adult life. Having the type of cattle for your environment is a key management decision. We have always focused on the type that can thrive in the pasture, and have the genetics to turn it on, grow and perform when higher levels of feed are given to them. The fall yearling bulls once again are sired by Jalapeno, Remington, Waylon, Sherman, Rooster, Body Builder and Angus sire AW Captain Call 16J, we are very excited to have a much larger group again this year. This year again we have six exciting Angus fall yearling bulls in the offering. There are herd bull prospects in the spring bull calves again this year sired by RH Waylon, RH Trax, SHF Houston, SHF Foresight, Churchill Sherman and new herd sire KJ Master. Our spring calving females are young and from the heart of the herd and most have been Aled for early calving dates. We once again have spring calves, fall yearling bulls and heifers from Ade Polled Herefords these cattle have all been born and raised here in our pastures and managed with our herd. We kick off our spring heifer calf offering with another exciting set of females, once again there are a few special daughters of SF Remington, RH Waylon 2015, KJ 355J Master M59, Churchill W4 Sherman 2157K ET, RH Trax 3124 and Schullar Big Time Converter 6J. The fall pairs are young, and from the heart of the herd. Once again the fall yearling heifers are special. There are outstanding BWF commercial females along with 3 red baldies and 4 blacks.

We hope you can make it Saturday evening to look at the cattle and join us for dinner around 6:00 p.m. We are celebrating 76 years in the business so please come and be apart of the fun and excitement! Notice the sale starts at noon on Sunday October 18th. The sale will be on video and on the internet with Live Auctions, if watching the sale or bidding online works better for you please take advantage of the opportunity. Feel free to call us or the sale staff if you need assistance. We want to thank our sale staff and all of our great friends and family members that help make this a very special day for Barb, the kids and myself. Please plan to be with us or don't hesitate to call or come by. We look forward to seeing each of you! Please don't miss lunch on sale day!! We want to send out a special thank you to Abe and all the help and companies at Shetler Feeds that are sponsoring both of our meals AGAIN this year!! Thank You!!

Matt, Barb, Makayla, Tye & Lauren

Here's a really good horned bull out of a first calf heifer that hit one out of the park the first time. He stands on a lot of bone, has big red testicles and is full of red meat. When looking for a horned bull you could drive a lot of miles and might not find a better one! Here's one you could breed your heifers to! Actual birth weight 68 lbs.
