Matt & Barb

Makayla & Hope

Tye & Lauren

Dear Cattlemen and Hereford Breeders,

We would like to invite you once again to be here with us at Reynolds Herefords on October 19th. Herefords have been a big part of our family's lives since 1950, as we celebrate 75 years in the Hereford business. This makes the 24th consecutive year we have offered Hereford cattle to you in a production sale setting. This is a program built by our repeat customers and their friends. There have been Herefords on this farm for 75 years now which supports our sale name of "Decades of Design." We would like to thank my great grandparents for starting this operation and mine and Barb's parents for giving us the opportunity to continue this herd the past 40 years. Barb and I would like to thank our children for taking involvement and interest in this operation at a extremely young age. There's no way that we could have gotten to this point without them. It's hard to believe that Tye was 10 years old and Makayla was 6 when we held our first open house in November of 2002. All though Tye and Lauren have been married four years now Lauren has been a part of this family for fifteen years now.

As I stated last year, most of you know cattle prices are at a lifetime high with fed cattle bringing over \$1.80 per pound and some lighter weight feeder cattle bringing over \$3.00 per pound. With nearly every cull cow selling over \$1.00 per pound and pound bulls at \$1.25 per pound. I would have never dreamed that this current statement read, cattle are at a lifetime high right now in 2025 with fed cattle selling over \$2.45 per pound, cull cows as much as \$1.65 per pound and pound bulls bringing \$2.00 per pound and feeder calves bringing over \$5.00.

The cattle business has been good nearly our entire adult life. Having the type of cattle for your environment is a key management decision. We have always focused on the type that can thrive in the pasture, and have the genetics to turn it on, grow and perform when higher levels of feed are given to them. We have added some new genetics to the herd this past spring as they will be service sires on the bred females and featured sires next year! The fall yearling bulls once again are sired by C&L RR KJ 364C Jalapeno 973C, KR 8R Endure 18072 (Cornhusker), RH Shotgun 0722, Churchill Sherman and SF 81E Remington 212, we are very excited to have a much larger group again this year. This year again we have eight exciting Angus fall yearling bulls in the offering. There are herd bull prospects in the spring bull calves again this year sired by RH Waylon 2015, RH Shotgun 0722, SF 81E Remington 212, RH 88E Brisket 2005 and AI sires Churchill W4 Sherman 2157K ET and Desperado, and Due North. Our spring calving females are young and from the heart of the herd and most have been Aled for early calving dates to KJ Mastercraft M59, NJW Cow Boss, Remington and Churchill Sherman. We once again have spring calves, fall yearling bulls from Ade Polled Herefords. These cattle have all been born and raised here in our pastures and managed with our herd. We kick off our spring heifer calf offering with another exciting set of females, once again there are a few special daughters of RH Waylon 2015, SHF Houston H086, Churchill W4 Sherman 2157K ET. The fall pairs are young, and from the heart of the herd. Once, again the fall yearling heifers are special with Desperado's, Due North and Jalapeno's. There are outstanding BWF commercial females along with 2 red baldies. We hope you can make it Saturday evening to look at the cattle and join us for dinner around 6:00 p.m. We are celebrating 75 years in the business so please come and be apart of the fun and excitement! Notice the sale starts at noon on Sunday October 19th. The sale will be on video and on the internet with Live Auctions, if watching the sale or bidding online works better for you please take advantage of the opportunity. Feel free to call us or the sale staff if you need any assistance. We want to thank our sale staff and all of our great friends and family members that help make this a very special day for Barb, the kids and myself.

Please plan to be with us or don't hesitate to call or come by. We look forward to seeing each of you! Please don't miss lunch on sale day!!

Matt, Barb, Makayla, Tye & Lauren

Here's the guy that was named Lot 1 very early on in life. It was always a great day winter feeding when you got to see him and his wonderful mother. Bulls like this make it all fun! Dark red, slick haired, red necked, pigment on both eyes, extra growth and large red testicles.

Here's the maternal brother to last year's top selling bull. Their mother does it every year. He has a big, long hip and is extremely long sided. This dark red bull is nearly red to the toe pigment on both eyes and will build a cow herd!

LiveAuctions.TV

Live audio & live video will allow you to bid on animals as if they were present at the sale.

Buyers must create a NEW account prior to the sale.

Here's a special group of spring heifer calves out of Tye and Lauren's herd that we are offering to you as commercial Hereford Females. They are all out of Registered cows and are all half sisters. These three lots (7-heifers) can be registered at the buyers expense if so desired! I don't have to tell you they are as good as any in the sale. All dark red, very feminine and conservitively marked and lots of pigment.

TERMS & GUARANTEE

Cash or check unless prior arrangements are made with the owners. Registration Papers will be transferred to the new owner-buyer, must provide correct name and address at settlement. Papers will be mailed to new owner from the AHA. Serviceable aged bulls will be semen checked and bred females will be preg checked before sale day. Any yearling heifer or heifer proven to be a nonbreeder will be taken back in GOOD CONDITION and credit will be given at the next sale.

HEALTH

Proper health papers will be available on each purchase. The herd has been on a total Zoetis Modified Live vaccination program for years. All weaned calves have had two rounds of shots, cow herd vaccinated annually. All cattle have been wormed and poured prior to sale. All fall yearling bulls and females have had all fall pre-breeding shots. Fall bulls have been semen checked.

BIDDING

Cody Lowderman will conduct the sale. We will provide a sale order before sale morning. The cattle will be sold to the highest bidder. The auctioneer will have final say in regards to all final bids. There will be a video on each lot being sold during the sale. Feel free to call the owners, Cody, Joe, Kyle, Cole or Mallory if you are unable to attend.

AI CERTIFICATES

Any animal that is mated to an AI sire that is not owned by Reynolds Herefords will not have a AI Certificate furnished.

AIR TRAVEL

KC and St. Louis are served by major airlines we can help with transportation from airport. Moberly, Missouri has a landing strip for small planes 6 miles from the farm.

CATALOG MATERIAL

Statements made sale day take precedence over printer material.

LIABILITY

All people who attend this event do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents which may occur.

INTERNATIONAL BIDDING

All expenses involved with cattle being exported out of the US will be responsibility of the buyer, including all vet work, export permits, and trucking on both sides of the border. We will help coordinate process.
