Dear Cattlemen and Hereford Breeders,

We would like to invite you once again to be here with us at Reynolds Herefords on October 22nd. Herefords have been a big part of our family's lives since 1950. This makes the 22nd consecutive year we have offered Hereford cattle to you in a production sale setting. This is a program built by our repeat customers and their friends. There has been Herefords on this farm for 73 years now which supports our sale name of "Decades of Design." As most of you know cattle prices are at a lifetime high with fed cattle bringing over \$1.80 per pound and some lighter weight feeder cattle bringing over \$3.00 per pound. With nearly every cull cow selling over \$1.00 per pound and pound bulls at \$1.25 per pound. The cattle business has been good nearly our entire adult life. Having the type of cattle for your environment is a key management decision. We have always focused on the type that can survive in the pasture, but yet have the genetics to turn it on, grow and perform when higher levels of feed are given to them. The fall yearling bulls once again feature our Leader son C&L RR KJ 364C Jalapeno 973C, and JDH 11B 21C Spot On 103G ET, we are very excited to have a much larger group to offer. This year we have six exciting Angus fall yearling bulls in the offering. There are herd bull prospects in the spring bull calves again this year sired by C&L RR KJ 364C Jalapeno 973E and JDH 11B 21C Spot On 103G ET and AI sires Due North and Statesman. Our spring calving females are young and from the heart of the herd and most have been Aled for early calving dates. We were able to lease a select set of females to our spring calving herd this year from Ade Polled Herefords and you will find some of them throughout our offering. We also have genetics offered from Steinbeck Farms and Aufdenberg Polled Herefords. We kick off our spring heifer calf offering with another exciting set of females, once again there are a few special daughters of Ribeye 88E, Spot On 103G, Willie and 2137. The fall pairs are young, and all have calves at side. Once again the fall yearling heifers are special with three ERT heifers, Jalapeno's, 103G's and 052 daughters. There are eight show steer prospects and 8 outstanding BWF commercial females along with 2 red baldies. We hope you can make it Saturday evening to look at the cattle and join us for dinner around 6:00 p.m. We are celebrating 73 years in the business so please come and be a part of the fun and excitement! Notice the sale starts at noon on Sunday October 22nd. The sale will be on video and on the internet with Live Auctions, if watching the sale or bidding online works better for you please take advantage of the opportunity. Feel free to call us or the sale staff if you need any assistance. We want to thank our sale staff and all of our great friends and family members that help make this a very special day for Barb, the kids and myself. Please plan to be with us or don't hesitate to call or come by.

We look forward to seeing each of you! Please don't miss lunch on sale day!!

Matt, Barb, Makayla, Tye & Lauren

Makayla

Here's a very well-balanced herd bull prospect with loads of eye appeal like his two year old dam that did an excellent job on her first one! This slick dark red bull is loaded with muscle and has great testicle development. TESTED D876 Trait leader 15 of 20 traits and dam is a leader daughter. A326 TOP 1% BMI,BII and CHB. Owned with Ade Polled Herefords.

EFBEEF X651 TESTED D876: D876 IS A TRAIT LEADER IN 15 OF 20 TRAITS. CE, low BW and efficient feeding. He has several sons in production that continue to prove his genic power. The females we have in production are as good as they get. Calving ease up front but top weaning weights at the end.

Terms & Guarantee: Cash or check unless prior arrangements are made with the owners Registration Certificate: Papers will be transferred to the new owner-buyer must provide correct address and name. Certificate will be mailed to new owner from AHA. Serviceable aged bulls will be semen checked and bred females will be preg checked before sale day.

Any yearling heifer or heifer calf proven to be a nonbreeder will be taken back in good condition and credit will be given to the next sale.

Health: Proper health papers will be available on each purchase. The herd has been on a total Zoetis Modified Live vaccination program for years. All weaned calves have had two rounds of shots, cow herd vaccinated annually. All cattle have been wormed and poured prior to the sale. All fall yearling bulls and females have had fall pre-breeding shots. All fall bulls have been semen checked.

Bidding: Cody Lowderman will conduct the sale. We will provide a sale order sale morning. The cattle will be sold to the highest bidder. The auctioneer will have final say in regards to all final bids. There will be a video on each lot being sold during the sale. Feel free to call the owners, Cody, Joe, or Kyle if you are not able to attend.

AI Certificates: Any female that is mated to an AI sire that is not owned by Reynolds Herefords will not have an AI Certificate furnished.

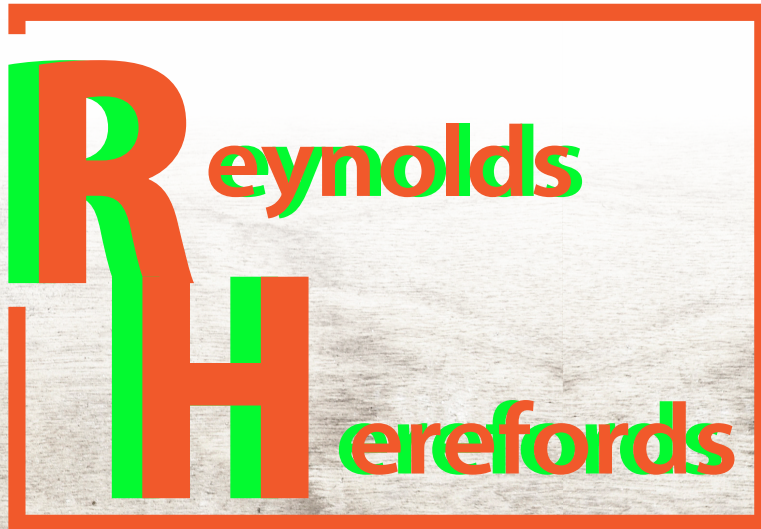

Air Travel: KC and St Louis are served by several major airlines we can help with transportation from the airport. Moberly Missouri has a landing strip for small planes 6 miles from the farm.

Catalog Material: Statements made sale day take precedence over printed material. Liability: All persons who attend this event do so at their own risk. The owners assume no liability, legal or otherwise, for any accidents which may occur.
